

## Partner with Rocky Mountain NARO

The National Association of Royalty Owners – Rocky Mountain Chapter is dedicated to the education of mineral and royalty owners across the rocky mountain region including Colorado, Utah, Wyoming, and New Mexico. We’re planning an amazing program for our annual convention. Mineral Rights and Royalty owners are the “landlords” of the domestic oil and gas industry across much of the United States and play a critical role in the development of these vital assets. NARO is their support network and the mission of the organization is to support, advocate, and educate for the empowerment of mineral and royalty owners. Your business can help support and expand our membership’s depth of knowledge so that we can all build a better energy future for our country. We hope that you’ll join NARO in supporting these important efforts.

Thank You!

*Matt Sands*

Rocky Mountain Chapter President
